GUTHRIE, Okla. — Guthrie police took a man into custody shortly after 3 a.m. Monday after a caller reported a disturbance at a home in the 400 block of East Noble Avenue.

Officers were dispatched at 2:06 a.m. and reported seeing a man inside who ignored them. One officer said the man was yelling and appeared to be punching objects, described as being in *"some type of rage."*

Neighbors told officers that a man and a woman lived at the house. Officers saw only the man inside and tried to determine whether he lived there. By 2:40 a.m., neighbors had reached one of the homeowners' sisters, who said the homeowners were in Wyoming. After comparing descriptions, officers became certain the man inside was someone other than the resident they knew.

As they prepared to make entry into the home, Guthrie police requested backup from Logan County deputies and had an ambulance wait nearby. At 3:05 a.m., the man was taken into custody. Guthrie police took the man to Mercy Hospital and then to Logan County Jail.

Logan County jail records show Sidney Ray Osteen, 22, of Guthrie, was booked at 8:10 a.m. on complaints of second-degree burglary and malicious injury or destruction of property valued at less than $1,000.

Under Oklahoma law, first-degree burglary of a home requires someone to be inside at the time of the break-in.

Second-degree burglary can apply when someone breaks into an unoccupied home intending to steal or commit a felony.

A "Sidney Osteen" was previously named in a separate civil case involving a rental in the 1700 block of East College Avenue. An order signed by District Judge Jason Reese ordered Osteen to vacate the property by July 3, 2025. The July 1 judgment awarded Arzon Development possession and $657 in unpaid rent, plus interest.

This was the second notable arrest Guthrie police made over the weekend. Early Saturday, officers arrested an 18-year-old man on a DUI complaint after responding to a 911 call at Noble Heights Apartments. The caller reported that two young men were beating an older man outside an apartment.
